

Trucks For You Inc. has been and always will be about two things:

1. Quality Service to our Customers!
2. Quality Lifestyle for our Drivers!

We know that you have many options when choosing a transportation company and we appreciate the opportunity to tell you about ours. Since we started back in 1986, we have worked hard to meet both the demands of our Customers and our Driver Associates.

You will find a professional, well-trained staff that will make your experience with TFY unlike most in the industry. Our Dispatchers & Load Planners have nearly 200 years of combined experience with TFY. They know what we do & how we do it!

Our Independent Contractors are truly among the best available. Safety & accountability is on the forefront of all of our driver's agendas. We are dedicated to providing good quality freight in lanes that are familiar and reasonable. We won't ask you to do the impossible, but we do ask for the responsible. That means meeting our customer's demands, with the highest quality service around. On-time deliveries and safe secure equipment is what both our drivers & customers have come to expect!

We strive to adhere to the principles that have provided our current success, in order to maintain that success for future customers and associates.

1. Absolute Honesty and Integrity in everything we do!
2. Make a Difference Everyday.
3. Be Proactive & Thorough in our business practices.

We don't make these claims lightly, we practice them every day. Come join our growing list of clients and associates and catch the spirit of TFY!

Sincerely,

Jay Calavan  
Executive Vice President
